## Natalie Bell repeats as BCMS Spelling Bee Champion

Spelling Bee winners pictured left to right are Natalie Bell, Blake Coleman, and Garyn Hamilton. Photo submitted

Bracken County Middle School conducted a Spelling Bee on Friday, December 19th. Ten students from each grade level participated in the spelldown.

The top speller, Natalie Bell, will take an on-line spelling test to determine regional qualification. If Natalie qualifies for the

Regional Spelling Bee, sponsored by WCPO-TV, she will compete on February 21, 2015. Natalie was also top Speller at BCMS last year, met regional qualification through the on-line spelling test, and represented BCMS at the Regional Spelling Bee in Cincinnati.

BCMS second place winner was 8<sup>th</sup> grader Blake

Coleman and third place was Garyn Hamilton, a sixth grader. The BCMS PTO awarded the top three winners with awards.

Congratulations to all who participated and good luck to Natalie as she prepares for upcoming competitions.

Other participants can be seen on page 8.

## Bracken Co. Work Ready Community

As part of Kentucky’s overall strategy to transform the workforce development system, the Kentucky Workforce Development Board and its strategic partners created a certification process in order for counties to validate the skill level of their workforce. Participating in this effort offers counties the opportunity to transform the local economy and gain a competitive advantage in attracting new businesses and jobs.

In order to qualify, communities must meet certain thresholds in criteria such as graduation rates, National Career Readiness Certificate holders, and educational attainment rates. In addition, communities are required to bring various agencies and employers together in the process. The process is designed to align education, workforce development, and economic development strategies for the state and within communities by using a collaborative approach.

As of December 4, 2014, Bracken County has submitted its Letter of Intent, thus representing the first step in the process towards achieving Kentucky Work Ready Community Status. **The next meeting will be held on Tues., Jan. 20<sup>th</sup> at 3:30 in the “Old Courthouse” court room.** Interested citizen are encouraged to attend.

## Moore takes office as first female County Attorney

Pictured left to right are County Attorney Beth Moore and Secretary Betty Fields.

Beth Moore has taken office as the new Bracken County Attorney. Mark Schumacher will remain the Assistant County Attorney with Betty Fields continuing on as the secretary for the office.

The County Attorney office is now located on the third floor of the old Courthouse and the phone number will remain the same (735-2905).

Beth appreciates the citizens of Bracken County for their support and she looks forward to serving the community for the next four years.

Beth made history in November when she was elected the first female County Attorney in Bracken County. She is wife of Danny Plyler and the daughter of Gene Dale and Neva Sue Moore.

# Augusta Lady Panthers win Stephanie Wilson Memorial Holiday Tournament

While many people were at home enjoying their Christmas gifts and recovering from eating too much food, the Augusta Lady Panthers were traveling to Bellevue, KY for the Stephanie Wilson Memorial Tournament. The Lady Panthers have played in this tournament the past few years, but have never been able to bring home the coveted championship. This year would be different.

The Lady Panthers entered the tournament with a record of 3-5, but on the heels of two straight wins. The Lady Panthers started the tournament by playing the Dayton Lady Devils. The Lady Panthers had opened the season with a 69 - 39 win over Dayton, but they knew that the Lady Devils would be much improved. This time the game was much closer, but the Lady Panthers eventually pulled out the win by a score of 48 - 41.

With the win over Dayton, the Lady Panthers moved on to face Newport in the semi - finals. Newport would start the game on a roll that carried them to a 7 point lead at the half. Things didn’t get much better for the Lady Panthers in the second half. Newport continued to play well, and they stretched their lead to eleven points at the end of the 3<sup>rd</sup> quarter. Augusta was still trailing midway

Pictured left to right, front row: Dana Garrett, Madison Kelsch, Alexis Shields, Samantha Kennard, Katy Stanton, Hannah Arthur, and Kylee Harper. Back row: Coach Rebecca Arnold, Coach Robin Kelsch, Madeline Darnell, Nicole Arthur, Kaylee Barrett, Jerica Kelsch, Olivia Plummer, Felicia Hay, Paige McCord, Brenna Wilson (Mgr.), Coach Dana Bach, and Coach Levi Gallagher. through the fourth, when they caught fire. The defensive intensity picked up, and the shots started falling for the Lady Panthers as they mounted a comeback. When the dust settled, the Lady Panthers had outscored Newport 22- 10 in the 4<sup>th</sup> quarter to pull out a 55 - 54 win. The come from behind victory would put the Augusta Lady Panthers in the championship game where they would square off against St. Bernard.

The finals started off as a back and forth contest that ended with St. Bernard hold-

ing a 2 point lead at the end of the first quarter. The second quarter would prove very unkind to the Lady Panthers on both ends of the floor. Points were hard to come by, and the defense seemed to be non-existent at times. St. Bernard continued to play well and outscored the Lady Panthers 22- 5, taking a 34 - 15 lead into the locker room at the half. The Lady Panthers were hanging their heads as they entered the locker room. Would they be able to conjure up some more comeback magic remained to be seen?

Coach Arnold did her best to awaken the weary Lady Panthers, reminding them of the goals they had set at the beginning of the year. She challenged them to fight the adversity, stick together as a team and pick up the intensity. From the 1<sup>st</sup> possession of the 2<sup>nd</sup> half, you could tell that the Lady Panthers had a sense of urgency, and were not going to go down without a fight. Once again, keyed by a more energetic defensive performance, the Lady Panthers started to claw their way back in the game. They out-

scored St. Bernard 19 - 8 in the third quarter to pull within 8 points to start the 4<sup>th</sup>. The defense continued its strong play, and the confidence the Lady Panthers gained in the third quarter carried over into the 4<sup>th</sup>. The Lady Panthers never stopped rolling, and together they overcame the 19 point half-time deficit to pull out a 57 - 52 win, and earn the Stephanie Wilson Memorial Tournament Championship. It was a championship well earned, and a goal accomplished for the Augusta Lady Panthers.

Samantha Kennard and Olivia Rolph were named to the All - Tournament Team, and Jerica Kelsch was named the Most Valuable Player of the tournament.

The Lady Panthers just recently defeated the St. Patrick Lady Saints in the 1<sup>st</sup> round of the All A classic, and will return to action Thursday, January 15<sup>th</sup> in Robertson Co. where they will face off against the Bracken Co. Lady Bears in the 2<sup>nd</sup> Round of the All A.

## Looking Back Tabitha's Tidbits Compiled by The Bracken County Historical Society

From The Augusta Times

December 21, 1977

"A Birthday for the Traipsin' Woman and Plans to Move the Wee House" Continued  
By Helen Price Stacy

On one trip she met Jilson Setters, and in her book, "Ballad Makin' in the Mountains of Kentucky," she said the Setters – The Singing Fiddler of Lost Hope Hollow – could neither read nor write for all his 70 odd years. "Yet lacking 'book-learning' this aged mountain minstrel has composed and suited to tune more than fifty ballads, some of which critics declare will live as classics."

Other balladeers contributed to the folk-music collection of Miss Thomas, such as Laban Harliss, who could write little than his own name "though he 'fit' in two wars," and Aunt Meckie, Lark, Aunt Nancy and many others.

Jean Thomas told of one visit to a remote section where the church elder "lined" the lasy (sic) hymn and gave some history. (lining a hymn is a style in which one chants out a line of the song which then is sung by the congregation, then

another line and so on till the song is finished.)

The Elder said there "come a preacher here on the first Sunday of May, twelve month past, and narrated this tale.

There a man lived on the edge of Morgan or Breathitt, I can't rightly recollect which, but no how he turned a deaf ear to the call of the Lord upon him to preach. This man did not want to preach and passed out in a faint. When he came to he was singing a song that some call, 'Oh, Death.' You have fixed my feet till I can't walk; You have fixed my tongue till I can't talk. Lord, spare me over till another year; spare me over to another year."

Miss Thomas recorded the song in her notebook and said she heard it again later while in Wolfe County.

In her book, she told about the time she came upon a brother and sister, one with a guitar and the other a banjo. Hoping to find another ballad, she asked the children if they knew any.

## Thoughts and Meditations from the Scriptures

### SUFFERING AND REDEMPTION

Christians believe that we are saved by Jesus' suffering and death on the cross, in essence that he suffered and died for our sins. We consider Jesus' suffering to be sacred, as it is part and parcel of humanity's redemption. Jesus showed us that suffering can be sacred. That is not a cure or remedy for suffering, but a way to at least make it meaningful. It is sometimes said that human beings can live without anything except hope. We might also say that we can suffer anything as long as there is some meaning or purpose in it. As the philosopher Nietzsche put it, "He who has a why to live for can bear with almost any how." Nothing is worse than severe and interminable suffering that has no meaning. That might almost serve as a definition of Hell: severe and endless suffering that has no meaning. Imagine having the realization at the gates of Hell that we could have had salvation, but instead we chose selfishness, momentary pleasures and sin and now we are going to pay for it. That bargain, to sell one's soul for momentary pleasure or selfish gain, will undoubtedly appear meaningless in the grand scheme of things. Infinitely better to delay gratification and suffer meaningfully now than risk eternal meaningless suffering in the hereafter.

— Christopher Simon

*For it is better, if it is God's will, to suffer for doing good than for doing evil. For Christ also suffered once for sins, the righteous for the unrighteous, to bring you to God. 1 Peter 3:17-18*

**PRESBYTERIAN  
POTPOURRI**  
*by Les Grooms, pastor  
Augusta Presbyterian*

We had 49 in attendance this Sunday morning which was 12 more than we had last week. We still have a number that are ill. Howard Murray is still in the St. Elizabeth Hospital and Connie Thomas is a patient at Meadowview. Others are just home and not doing well.

The governing body of the church met at 9:30 a.m. and we conducted the business of the church. Finances are good and I was given another one year contract. (One year contracts are traditional).

We will be having our weekly soup supper Monday night and this week we will be serving chili, potato soup, chicken and dumplings, and bean soup as well as baked spaghetti.

Wednesday we will have our monthly bread basket meal and this time we will have meat loaf, mashed potatoes, gravy, macaroni and cheese and surprises as well as wonderful desserts. We will have one more Bread Basket meal before the Lenten season. Then we will have worship services and meals every Wednesday until Easter. After Easter we plan to go back and have grilled meats each Bread Basket Wednesday.

I plan to visit Howard on Thursday or Friday and then have a meeting of the Augusta Ministerial Assoc. Saturday afternoon at 4 p.m. in our Fellowship hall.

Mary Murray led the service today with news of the progress of her father-in-law Howard Murray. Lynn Darnell was worship leader, Susie Hargett led the singing, and Shelby England had children's church.

My sermon this week was about the wise men from the East that followed the star that led them to the Messiah. The message for us is to follow the star that God has given to us. God has plans for all of us and we need to respond to the invitation that he gives to us.

There was a beautiful bouquet of roses on the communion table in memory of Larry England who complete his journey here on earth one year ago.

FELLOWSHIP**  
*by Beverly Whittaker*

If you visited with us this past Lord's day, January 11th, we hope you received a blessing and will come back to worship with us again. There are still many people out sick and hope that they will soon be well. Susan Hansen celebrated a birthday today. Angela Tucker and Sheryl Hicks sang the special this morning entitled "My Tribute" written by Andrae Couch who passed away this week. Pastor Doug's message was from 2 Corinthians 1:3-4. God is all of our comfort in all our tribulations. His promise is that He will never leave us or forsake us.

Upcoming events: Winter Jam 2015 at Rupp Arena in Lexington on Mar. 28. February 1 - Baby shower for Ana Bishop at 3 p.m. at the church; Tea Cup Connection for the ladies Feb. 16 at 6:30 p.m.; February 14th Annual Valentine's Day Banquet. More details to follow.

We invite you to attend our services here at New Life. Wednesday evening meal begins at 6 p.m. and prayer service at 7 p.m. In the Adult Kingdom Builders class, taught by Jeremiah Hansen, we are learning about the Daniel Plan. This week we learned how faith can nurture your soul. Kingdom Builders classes for all ages begin at 9:30 a.m. and praise and worship begins at 10:30 a.m. Remember God loves you and so do we! Have a blessed week!

Friday, January 16, Msgr. Dominic will celebrate Mass at 7 PM and all are invited to attend to pray for their special needs and to offer thanksgiving for the many blessings we have received as individuals, families, communities and nations!

Next Thurs., January 22, marks the 42nd anniversary of the infamous Roe v. Wade Supreme Court decision allowing basically abortion on demand in these great United States! Since that day, over 57,525,900 babies have been killed in the United States! This number is constantly rising and since 1980, worldwide, the number is a staggering 1,321,247,000 and counting! As a nation and a worldwide community, we cannot in good conscience allow the murder of innocent babies to continue! God is the creator of life, and it is a gift! It is not something that can be destroyed because the gift is given at the "wrong time"! How often we lament that there are no cures for cancer or other debilitating diseases, yet how many times has God sent someone with the answer, only to that life snuffed out by an abortionists knife! May God forgive us for allowing this immoral law!

**BROOKSVILLE  
CHRISTIAN**  
*by John Elfers*

We are all very fortunate to live in the greatest country in the world, and because we live here, we may never be asked to die for Jesus, but we can still show courage by living for Jesus - at school, work or adverse times in our lives. We show courage by trusting God. Whether alone or in a crowd, we are weak. Thankfully God is strong. Real Christians are not timid. That was Ron's message Sunday, which was preceded by a great Second Sunday Breakfast with fellow Christians. If you couldn't make it there's still time to join us as Ron explains what it means to be a Real Christian.

In other news, the Men's Fellowship scheduled for Jan. 19 at Augusta Christian will feature a panel of area preachers discussing important issues the church faces today. It starts at 6:30. Our van leaves at 6:00. It should be very insightful (plus a great meal). See you there! For any other information or perhaps a prayer request, contact Ron 606-782-2731 or youth minister Shane Hunt 606-402-1676.

## Dr. Matthew Shotwell joins Harrison Memorial Medical Staff

The staff of Harrison Memorial Hospital is pleased to announce the addition of Matthew Shotwell, M.D., to its medical staff.

Dr. Shotwell is an interventional cardiologist who specializes in pacemakers, defibrillators and in performing cardiac catheterization procedures at HMH.

A native of Hebron, Kentucky, Dr. Shotwell graduated from Northern Kentucky University in Highland Heights, KY in 1990. In 1994, he graduated from the University of Kentucky College of Medicine, Lexington, KY. He completed his residency in internal medicine at University of Cincinnati Hospital, Cincinnati, OH in 1997. He then completed a fellowship in cardiovascular medicine from University of Cincinnati Hospital in 2000.

He is board certified in interventional cardiology, cardiovascular disease and internal medicine.

Dr. Shotwell began seeing patients in January and will have a clinic at HMH Specialty Clinic every Tuesday.

Dr. Shotwell will be performing diagnostic catheterizations and peripheral studies at the Harrison Heart Catheterization Lab.

A diagnostic cardiac catheterization is a non-surgical procedure in which a thin plastic tube is introduced through an artery in the arm or leg. The tube is then advanced into the coronary arteries or heart for diagnostic

and/or therapeutic purposes. The peripheral studies are an examination of the arteries or veins of the body to check for blockages or other abnormalities. This examination is frequently done on the arteries and veins of the head, neck, arms, abdomen, and legs. If blockages are found they may be treated similarly to the heart by balloon angioplasty and stent placement.

The Harrison Heart catheterization lab is located on the first floor where the former emergency department was located. The newly renovated area has a pre-op and post-op area and one room designated for the procedure. A waiting area and private conference area are also in the area. Patients will register at the HMH Front Lobby Registration desk for the procedures.

For an appointment with Dr. Shotwell, call 859.235.3600.

### SAINT JAMES PARISH MEN'S GROUP

The St. James Men's Group met on Jan. 6, 2015, the first Tuesday of the month, at the church multipurpose building. Seven of our members attended. The meeting began by praying for Saint Joseph to intercede for us with God to answer all the needs of the men of the parish and their families. Two passages from the Bible were discussed.

In the business portion of the meeting we discussed raising funds to make repairs at the parish; the wonderful Christmas dinner we shared with the parish ladies group (they cooked); how our member, Chuck Rechtin, had been instrumental in getting the parish Christmas decorations up and Bob Eisenmann helped with preparations for mass while Ms. Debbie is under the weather.

Business was concluded and the group spent the remainder of the evening socializing.

All men of the parish are welcome. Meetings are the first Tuesday of each month. Call Dave Manzo 606-728-5044, Chuck Rechtin 606-782-5238 or Steve Millbourn 513-254-3338 with questions.

## Pendleton Co. receives \$500,000 for new ambulance building

Governor Steve Beshear today announced a \$500,000 Community Development Block Grant (CDBG) to construct a new building to house ambulances in Pendleton County. The new facility will replace the county's current ambulance building, which is inefficient and experiences frequent flooding from the nearby Licking River.

"Response time for emergency medical service workers can mean the difference between life and death for the citizens they serve," said Gov. Beshear. "This new ambulance building in Pendleton County will provide workers with the quality facility they need to safely and quickly respond to calls, and effectively serve the community."

Pendleton County's current ambulance building is located in downtown Falmouth, on a landlocked parcel of property in the 100-year flood plain. When the building floods, the three ambulances housed there must move to temporary facilities, and workers are forced to leave behind certain equipment due to size, weight, and transport logistics. The Licking River bisects the county, so when flooding occurs, the ambulances must separate so that both the northern and southern areas of the county are served. This potentially leaves one half of the county exposed to inadequate services.

The new ambulance facility will be located out of the 500-year flood plain, west of Falmouth on KY 330. Its design incorporates highly efficient lighting, insulation and a computer monitored heating and cooling system, all of which will save money on energy use. The new building will be more than

twice the size of the current facility, allowing for an additional ambulance bay, ample storage for equipment, and a hazardous materials decontamination room. It will also have accommodations for staff and a space to conduct meetings as well as Kentucky Board of Emergency Medical Services (EMS) mandated trainings.

"This new ambulance building is a great asset for our community," said Rep. Tom McKee. "Nothing is more important than providing reliable emergency services to the people of my district. My constituents in Pendleton County can rest assured that this project will keep our ambulance service safe from flooding, and provide the dependable care we all expect. I want to thank the Governor, Judge Executive Henry Bertram, and the Pendleton Fiscal Court for all the hard work that went into making this a top priority public safety project."

"The addition of a new ambulance building will be a major improvement to the healthcare system in the city of Falmouth and all of Pendleton County," said Pendleton County Judge Henry Bertram. "Thank you to Governor Beshear and the many local officials who have made this project possible for our community."

The \$500,000 CDBG grant to construct the new ambulance building is administered by the Department for Local Government and funded through the U.S. Department of Housing and Urban Development (HUD). Kentucky's Congressional leaders' continued support of the CDBG program ensures the availability of continued funding in Kentucky and nationally.

## Eye to Eye

with David Blandford, M.D.

### RETURNING CLOUDINESS

Today's cataract surgery makes use of an ultrasound probe to break up and remove the cloudy eye lens. Left behind is the lens capsule, which once held the natural lens in place and is later used to hold the replacement artificial lens. More than 90 percent of patients experience improved vision immediately after cataract surgery. For some, however, the blurriness returns months or years afterward due to posterior capsule opacity, also known as "after-cataract." It is caused by tiny clumps of cells and thin scar tissue on the inner back surface (or posterior wall) of the capsule. To remedy the problem, the ophthalmologist uses a Nd: YAG laser to create a small hole in the posterior wall of the capsule which will help reduce the cloudiness and bring back visual clarity.

At **KENTUCKY EYE INSTITUTE** we provide total eye care: medical, surgical, and diagnostic. We examine the eye with a variety of instruments to determine the type, size, and location of the cataract. We're located at **1937 Old Main St., Suite 1, Old Washington**. The decision for cataract surgery is always based on the patient's visual needs (in all types of situations) and the expectation that visual function will be improved. For more information or to schedule an appointment, call at **606.759.7883** or **800.658.7282**. We specialize in "EYE CARE FOR ALL AGES."

P.S. Nd:YAG laser posterior capsulotomy is an outpatient procedure that is painless and requires no anesthesia.

## 2015 Kentucky Visitor's Guide is a Rich Resource for Travelers

Are you looking for something to do this week-end or already planning your summer vacation? Then check out the new 2015 Kentucky Official Visitor's Guide for a wealth of ideas for getaways in the Blue-grass State.

The free guide is much more than just a compilation of listings. To make planning a trip fun and easy, the guide is divided into nine regional sections that highlight attractions and events in each one. "There's something in Kentucky for all ages and interests," said Gov. Steve Beshear. "From horses to natural wonders to bourbon, we've got what people want in a vacation."

Printed copies of the guide are available at seven welcome centers on interstate highways throughout the state or can be mailed right to your home or office by calling 1-800-225-8747. An interactive online version will be available soon at www.kentuckytourism.com, where you also can order the printed guide.

The striking cover photo featuring a sweeping mountain vista with a horse and rider in the foreground was shot in eastern Kentucky's Pike County.

"The guide is a fantastic way to introduce the state to the many people considering a visit to Kentucky," said Department of Travel and Tourism Commissioner Mike Mangeot. "As we say, 'there's only one Kentucky,' and the guide will help you plan your trip to the Commonwealth's unique and diverse attractions."

The guide was produced by the Department of Travel and Tourism and publishing company Miles Media Group.

**SOURCE OF TITLE:** Being the same property conveyed to Mortgagors by deed of Linda Lou Mayfield, dated August 27, 2013, recorded in Deed Book 200, Page 686, County Clerk’s Office, Bracken County, Kentucky.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2014 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

## The Fitness Hub in Brooksville dedicates class to Sam Bustos

On Saturday, January 10th The Fitness Hub at 119 Locust Street, Brooksville, dedicated their class to Sam Bustos by wearing teal blue for ovarian cancer awareness and making a donation towards Sam's funeral expenses. In our class we have a few clients that have had their scare with female cancers. We felt like it was the least we could do. #SamStrong

## CASA Volunteer training to begin Monday, Feb. 9th

CASA needs Volunteers to speak up for children who are victims of abuse, neglect and/or dependency within Bracken, Fleming & Mason Counties.

**Who are CASA Volunteers?** - CASA Volunteers are **EVERYDAY PEOPLE** who care about children! A volunteer must be at least 21 years of age, pass a criminal background check, be objective, have a professional demeanor, some computer experience and have a high school diploma and/or GED. Volunteers come from all walks of life and backgrounds: many work full/part-time, some are retired, others are stay-at-home parents and etc.

**What Does a CASA Volunteer Do?** - Volunteers serve as the “eyes and ears” for the judge in child welfare cases. This includes researching each child's situation and making objective recommendations to help them reclaim their childhood from dependency, neglect and/or abuse. CASA volunteers are frequently the only stable presence in these children's lives as they navigate the foster care system. The volunteer's sole objective is to represent the best interests of the child.

**What is CASA's Mission?** - Their mission is to provide trained community volunteers to speak for children in court who are victims of dependency, neglect and/or abuse. They help children find a safe, permanent and loving home as soon as possible.

Help protect our most vulnerable citizens and become a CASA VOLUNTEER.

**Become a powerful VOICE in a Child's Life.**

A new volunteer training class will start February 9<sup>th</sup> at 5 p.m. at the Mason County Judicial Center.

For more information, contact CASA at 606-563-7431.

## TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

**606-735-9960**

Howdy Folks! We had to visit the doctor last week for a checkup and as always, conversations usually include the current weather conditions. The wise doctor asked us if we knew where snowmen kept their money and having experienced brain freeze that morning from working in the cold, neither of us could immediately think of the correct response! We're not sure if that was a ploy to check our brain function but he didn't make us think and wait. For those of you who are having the same reaction as we did, the answer is “in a snow bank, of course”! Thankfully, we are not dealing with snowmen or snow banks this Monday morning, but we do have enough bad weather to delay and cancel schools. The remainder of the week should be okay according to our meteorologists, but always be alert in these winter months. As you experienced drivers well know, and new drivers are quickly learning, weather conditions can change in a heartbeat, and we want everyone to be safe on the highways!

With the wonderful season of Christmas drawing to an end, we send our sincerest appreciation to all of you for your patience and understanding when the trailers were not at their assigned location or when they were full and basically contained ‘no room in the inn’! Christmas week and the week after were limited

to three days of work because the Mason County Recycling Center was closed on the two consecutive Thursdays and Fridays. We were scrambling to keep the recycling program running smoothly, but because of the time constraints, we weren't able to accomplish all that we intended! In fairness though, we must say that had all those boxes been flattened or broken down, many of the trailers would have held much more recycling!

For some reason, folks seem to be forgetting to empty the boxes of Styrofoam packing, and then of course, not breaking down the boxes. The new recycling trailers are bigger, but again, more boxes are being thrown into them without being flattened. Part of the purpose of these bigger trailers was to collect more recycling necessitating fewer trips to the Recycling Center, saving fuel and vehicle wear and tear. As always, we need your cooperation for this goal to be accomplished and sincerely appreciate everyone who recycles!

Next Mon., January 29, the country celebrates Martin Luther King, Jr. Holiday and the Recycling Center will be closed. We will be able to move the trailer from the Augusta Depot to the Foster location and the one from the Extension Office to Berlin, but we will have to wait until Tuesday to empty any trailers. Should the trailer be full that you wish to use, please do not set the recycling around the trailer. These trailers are enclosed for the purpose of keeping the recycling as dry as possible and recycling on the ground defeats the purpose. Not only is there a possibility of getting wet, there is the possibility of the wind blowing it everywhere and we have had that to happen! It is not the easiest job to chase blowing paper! While it may make a good entry for “America's Funniest Home Videos”, it is not high on our bucket list! Neither are income taxes and annual reports, but they are a necessary part of life! So as you plow through all those papers, don't forget to shred and recycle all unnecessary documents! Then if the trailer is not full, you can RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – Bin & Bug.

### Applications for KY Farm Bureau’s college scholarships available now

The holiday season may have just come to a close, but Kentucky Farm Bureau (KFB) has one more gift to give to a select number of high school seniors across the state – college scholarships. Later this spring, the KFB Education Foundation will award college scholarships ranging from \$400 to \$4,000 to 83 high school seniors pursuing a four-year degree.

To be considered, students must complete the application available for download at [kyfb.com/scholarships](http://kyfb.com/scholarships) and return the requested material to KFB postmarked by February 28, 2015. Qualifying students will have at least a 3.5 grade point average (on a 4.0 scale) or a minimum 23 ACT score, be the child of a KFB member, and finish high school within the year in which they apply.

KFB also offers four additional scholarships, ranging from \$1,000 to \$3,000. To be considered for these college scholarships, students must meet the varied criteria outlined for each, complete the

appropriate downloadable application available for at [kyfb.com/scholarships](http://kyfb.com/scholarships) and return the requested material to KFB postmarked by April 24, 2015.

“The Foundation’s goal is to assist as many individuals as possible in attaining their educational pursuits,” said Susie Tanner, Coordinator of KFB’s Education Foundation. “Post-secondary education costs continue to rise and Farm Bureau scholarships help defray some of the expenses associated with obtaining a degree. There is no better investment for the organization than to invest in our members and their children.”

KFB’s Education Foundation, created to help Farm Bureau members and their families reach their goal of obtaining post-secondary education, was formed in 1953. During the last 61 years, the Education Foundation has awarded over 1,400 college scholarships – worth more than \$2.2 million dollars – to both traditional and non-traditional students.

To learn more about these and several other college scholarships offered by Kentucky Farm Bureau, visit [kyfb.com/scholarships](http://kyfb.com/scholarships).

### Frankfort Focus

A Legislative Perspective on the Kentucky General Assembly  
State Rep. Mike Denham

While legislative sessions in odd-numbered years are relatively new in Kentucky – the first was held in 2001 – the General Assembly has long met during the first full week of January in these years to elect House and Senate leaders and update committee assignments.

Beyond completing this organizational work, the General Assembly heard from Gov. Steve Beshear Wednesday evening as he gave the final State of the Commonwealth address of his administration.

He used his remarks to note the challenges and opportunities facing Kentucky since he first took office in late 2007. Over the last seven years, for example, the state’s budget has been cut 15 times for a combined total of \$1.6 billion.

The economic trend behind that, however, appears to be reversing. He said that since the General Assembly revamped the state’s business incentives in 2009, these new programs have helped about 700 businesses locate here or expand, with investment nearly reaching \$10 billion. If these projects meet their goals, they will save or create about 57,000 jobs.

In education, he said that the college- and career-readiness rate of our graduating high school students has grown from 38 percent in 2011 to more than 60 percent now, and our graduation rate is the 12th best nationwide and better than five of our seven surrounding states.

In focusing on legislation being considered this year, he said it is imperative that the General Assembly pass a new law combating the state’s heroin epidemic. He cited stats showing that, in 2011, five percent of people who died from overdoses had heroin in their system, but in 2013, it was 32 percent.

Between 2010 and 2014, meanwhile, the Kentucky State Police crime lab saw its workload in analyzing heroin cases go up by a factor of four.

Both the House and Senate are looking for ways to reduce these figures by increasing treatment while cracking down on higher-level dealers,

and both chambers are committed to passing a law by the time we finish our work in March.

Another area Gov. Beshear advocated for was increasing civil protections for victims of dating violence, an area where Kentucky unfortunately trails the rest of the nation. He pointed to a study showing one in four women over 65 in this country say they have been physically hurt by a partner, and more than 14 percent of Kentucky’s high school students say they have been a victim in this type of case, one of the highest rates among the states.

Young adults have a difficult time obtaining a domestic violence order, though, because they often do not meet its criteria, which call for them to have been married to or lived with the abuser or to have a child in common. My hope is that we can pass a law to better protect these victims, and like heroin, there appears to be a growing consensus to make a positive change.

These are just a few of the issues that will be debated during the legislative session’s remaining 26 working days, which will begin in early February. I will cover more in the weeks ahead.

As that process gets underway, I encourage you to follow the flow of bills and resolutions and to let me know your thoughts or concerns. Your input is crucial to this process.

You can write to me at Room 329E, Capitol Annex, 702 Capitol Avenue, Frankfort, KY 40601; or you can email me at [Mitchel.Denham@lrc.ky.gov](mailto:Mitchel.Denham@lrc.ky.gov).

To leave a message for me or for any legislator by phone, please call 800-372-7181. For those with a hearing impairment, the number is 800-896-0305. To check the status of a bill, you can call 866-840-2835, and if you have internet access, the General Assembly’s website – [www.lrc.ky.gov](http://www.lrc.ky.gov) – is another great resource that features the full text of legislation and House and Senate votes.

I hope to hear from you soon.

## ‘Teachers Who Made a Difference’ Program accepting submissions

In its 17th year, the University of Kentucky College of Education’s Teachers Who Made a Difference program is now accepting submissions for the 2015 program.

UK women’s basketball coach Matthew Mitchell is once again teaming up with the College of Education to offer this program that gives people an opportunity to thank a teacher, principal, professor, coach or other educator who has inspired and motivated them to succeed.

“Teaching is my job, teaching is my passion. And it is something that I love and hope to do the rest of my life,” said Mitchell, the 2015 Teachers Who Made a Difference spokesperson. “It is a tremendous thing to be a teacher.”

The program does not select winners from a pool of nominees. Rather, the College of Education created the program to provide individuals a means to express thanks to educators who have impacted their lives. Honorees can be from anywhere and do not have to be affiliated with UK; however, the number of honorees to be recognized is limited. Organizers ask that each nominator limit recognitions to one educator per year.

To honor an educator, complete the online form at <https://www.coe.uky.edu/twmad/> or download the printable form to mail in. The deadline for submissions is March 16, 2015.

More than 1,800 teachers have been honored since the program’s inception. The Teachers Who Made a Difference program includes a special recognition event and reception attended by both the teachers and their nominators. This year’s event will be held Saturday, April 18, at the UK Student Center’s Great Hall. Nominees that are able to attend will enjoy a light continental breakfast at 9:30 a.m. and honored thereafter around 10 a.m. Those who cannot attend will receive their award by mail.

For more information, visit <http://education.uky.edu/TWMAD> or contact the UK College of Education Office of Advancement by phone at 859-257-4014.

## Harrison Memorial Hospital opens Outpatient Services Clinic in Carlisle

*Phlebotomist available on site Physical and occupational therapy services*

In an effort to extend services into the communities we serve, Harrison Memorial Hospital is pleased to announce several outpatient services that will be available to our patients in the Carlisle area on January 12.

“By opening the outpatient services clinic, it will enable HMH to better serve the Carlisle community,” said Sheila Currans, Harrison Memorial Hospital’s Chief Executive Officer.

Physical therapy and occupational therapy services will be offered in the office formerly occupied by Dr. Osias Villaflor’s medical practice. HMH physical therapist Betsy Kelley and office coordinator/physical therapy technician Brenda Letcher will be on hand Monday through Friday from 8:30 a.m. to 5 p.m. to see patients.

“Patients who currently seek physical and occupational therapy will now have the advantage of receiving treatment closer to home,” said Don Wynn, director of ancillary services at HMH. “Physical and occupational therapies are usually ongoing processes, with multiple visits required. A more convenient location for Nicholas County patients can make a significant positive impact on our patients’ busy schedules.”

HMH patients can also experience the convenience of phlebotomy services at this Carlisle location. A phlebotomist will be available

Monday through Friday from 7 a.m. to 12 noon.

“We’ll have an HMH phlebotomist on site to draw blood. Those blood samples are then transported to the HMH Laboratory in Cynthiana for same-day analysis,” said Wynn.

The HMH Outpatient Services clinic is located at 2300 Concrete Road in Carlisle, and the phone number is 859-289-3338. The clinic services are provided by referral only; therefore, if you are in need of physical or occupational therapy, ask your primary care physician about a referral today.

In addition to the outpatient services clinic, HMH’s General Surgeon, Dr. Brady Reid, has office hours in Carlisle every Wednesday afternoon at Licking Valley Internal Medicine and Pediatrics. The office is located at 254 East Main Street in Carlisle. To schedule a consultation with Dr. Reid at his clinic in Carlisle, please call 859-234-1707. Dr. Reid specializes in general surgical procedures, including cholecystectomy and advanced laparoscopic procedures, breast surgical services from diagnostic to mastectomy, GI endoscopy, colorectal surgical services, surgical oncology services and thoracic and vascular surgical services. All surgeries are performed at HMH.

For more information on the services provided at HMH, please visit our website at [harrisonmemhosp.com](http://harrisonmemhosp.com).

# General Assembly wraps up a busy first week of 2015 session

Though regular sessions of the Kentucky General Assembly are yearly events, in many ways each one signals a fresh start.

That was clear this week as the 2015 legislative session convened with numerous new faces in both the House and Senate. The larger-than-usual freshmen class includes six new senators (two of whom previously served in the House) and 11 new House members (one of whom previously served in that chamber.)

The beginning of the session also started anew the journey scores of bills will follow toward become state law. The starting line is the same for all bills: introduction in a legislative chamber. That starting line was a crowded place this week with more than 250 bills filed in the Senate and House combined.

Political observers often pay particularly close attention to the first few bills filed in the House and Senate – a good sign of measures are top priorities of chamber leaders. In the House, a proposed constitutional amendment that would allow local-option sales taxes was filed as House Bill 1. The measure would let voters to decide on a constitutional amendment to help permit communities to implement a temporary sales tax of a penny or less to raise money for a specific project.

At the other end of the Capitol, Senate Bill 1 got off to a fast start by earning approval of the Senate just days after its introduction. The measure would make Kentucky a right-to-work state, meaning that people could work at unionized shops without paying dues to an organized labor group. Supporters argue that right-to-work states have a strong edge in job creation while opponents question the quality of life in right-to-work states. SB 1 now goes to the House for consideration.

Although numerous bills started moving through the legislative process this week, there was also much attention on what’s known as the “organizational” work that takes place in the first week of odd-

year sessions. Committee assignments were made, rules of procedure were adopted and chamber leaders were selected.

There was a mix of both change and continuity in leadership elections. The top leaders in both the Senate and House remain the same with this week’s re-election of Senate President Robert Stivers and House Speaker Greg Stumbo to their leadership posts. But there were changes in each chamber’s “pro tem” positions – the leadership spot with duties to preside when a chamber’s top leader is absent or unavailable.

Sen. David Givens, R-Greensburg, was selected as Senate President Pro Tempore. Rep. Jody Richards, D-Bowling Green, -- a former House Speaker – was chosen to serve as House Speaker Pro Tempore.

Democratic and Republican caucuses also announced their leadership lineups in each chamber.

In the Senate, leaders are: Majority Floor Leader Damon Thayer of Georgetown; Minority Floor Leader Ray Jones of Pikeville; Majority Caucus Chair Dan Seum of Louisville; Minority Caucus Chair Gerald Neal; Majority Whip Jimmy Higdon and Minority Whip Julian Carroll.

The House lineup includes: Majority Floor Leader Rocky Adkins of Sandy Hook, Minority Floor Leader Jeffrey Hoover of Jamestown; Majority Caucus Chair San-nie Overly of Paris; Minority Caucus Chair Stan Lee of Lexington; Majority Whip Johnny Bell of Glasgow; and Minority Whip Jim DeCesare of Bowling Green.

The first week of the session also brought House and Senate members together for a joint session in which they heard Gov. Steve Beshear’s final State of the Commonwealth address – a one-hour speech with a signature line declaring: “Kentucky is back, and we’re back with a vengeance.”

The governor outlined his goals for the legislative session in his speech, just as numerous lawmakers have in

talks throughout the state and in meetings and interviews since they returned to Frankfort this week. One issue all seem to be talking about is the toll heroin is taking on Kentuckians. Members of both the House and Senate have looked at approaches in dealing with this issue, with one approach already put into the form of legislation approved in a legislative chamber during the first week of the session.

SB 5, approved by the Senate, calls for stronger punishments for heroin dealers as well as better support for treatment programs. The bill also provides for administration of naloxone, a medication used to counter the effects of an overdose, by first responders and provides immunity for those individuals and their employers when the drug is administered. The legislation now goes to the House for consideration.

Now that lawmakers have closed out the first week of the session, they are scheduled to return to the Capitol on Feb. 3. That makes this an important time for citizens to stay in touch with lawmakers and share their views on the issues lawmakers will be voting on during the remainder of the session. There are several easy ways citizens can stay in touch with the General Assembly.

The Kentucky Legislature Home Page, [www.lrc.ky.gov](http://www.lrc.ky.gov), provides information on each of the Commonwealth’s senators and representatives, including phone numbers, addressees, and committee assignments. The site also provides bill texts, a bill-tracking service, and committee meeting schedules.

To leave a message for any legislator, call the General Assembly’s Message Line at 1-800-372-7181. People with hearing difficulties may leave messages for lawmakers by calling the TTY Message Line at 1-800-896-0305.

You may also write any legislator by sending a letter with the lawmaker’s name to: Capitol Annex, 702 Capitol Avenue, Frankfort, Kentucky 40601.

## Two Educational Programs for Cattle and Horse Owners

By: David Appelman, CEA  
Ag and Natural Resources  
Master Cattleman  
Program

The Buffalo Trace Counties will host the Master Cattleman educational series of classes for 2015. The program will start on Feb. 9th with 10 consecutive classes on each Monday night. The classes will include sessions on Management Skills, Forages, Nutrition, Facilities and Animal Behavior, Environmental Stewardship and Industry Issues, Genetics, Reproduction, Herd Health, End Product, and Marketing and Profitability. Attendance allows producers to network with specialists, facilitators and other beef producers. If you are interested in the program, please contact the office so we can get you on the list.

### Horse College

Extension District 1 will host Horse College with UK Horse Specialist, Dr. Bob Coleman as the presenter starting in February. The tentative dates for the evening classes are the 3rd, 10th, 17th, and 24th. The program will be offered at each county office with a broadcast from Boyd County. The topics this year will focus on:

Broodmare Nutrition and Pre-Foaling Care on 2/3/15; Foaling Preparation and New Foal Care Basics on 2/10/15; Feeding with Commercial Feeds and Minerals on 2/17/15; and Spring Pasture Preparation and Weed

## Tobacco Labor and Disease Control

Tues., January 20<sup>th</sup>  
By: David Appelman, CEA  
Ag and Natural Resources

This past year was extremely difficult for many producers to come up with labor needed to house their tobacco crop. To help with these challenges, the Bracken County Extension Office will host a meeting on January 20th at 6:30 to discuss the H2A program. Mr. Rick Alexander with the Agriculture Workforce Management Association will be on hand to discuss the H2A program and the options farmers may have to participate in the program.

I will also have a program on Disease Prevention in the tobacco plant production system. Greenhouses and float beds are great tools to improve the efficiency with which we grow plants, but these environments are also the perfect place for diseases to grow and destroy the plants. If you follow the guidelines and manage the float system, you can greatly reduce the chances of diseases getting started. Mark this important meeting on your calendar.

Control on 2/24/15.

This program will benefit all horse owners including pleasure, show, breeding, and boarders. For more information on the program or to sign up for classes, please contact the Bracken County Extension Office at 606-735-2141.

## Bracken County Fiscal Court

A regular meeting of the Bracken County Fiscal Court was held Wednesday, November 12, 2014, for the purpose of transacting any business properly presented by the established agenda. Presiding: Earl Bush, County Judge Executive. Present: Carl Allen, Clark Hennessey, David Kelsch, David Hughes, Scotty Lippert, John Corlis, Doug Smith, and Dennis Jefferson

Let the Record reflect that the Court members received a copy of the vendor claims to be paid and Financial Statement ending October 31, 2014.

Upon motion of John Corlis, seconded by David Hughes, that the minutes of the regular meeting on October 22, 2014 be accepted/approved with no corrections made. Voting being unanimous. Absent: Scotty Lippert.

### Floor open to the public to discuss anything other than agenda items - \*None Roads & Projects Updates

\* Judge Bush advised the court that Mago will have to put our county on the list for paving in the spring. There will be a contract drawn up for same bid pricing. Judge Bush has requested additional funding for Union Chapel, Hook Lane and North Bluegrass to be paved. Magistrate John Corlis suggested that Hackett Ridge be added to the paving list for next year. Stacey Florer, Road Supervisor, advised that he ordered 75 tons of salt. Magistrate David Kelsch asked about the building of a salt storage facility and Judge Bush advised that they may look into that next year. Cannon Road Project has started and Straight Edge will then start on Bee Run project. There was a discussion on the salt mix with the depletion of fly ash. Supervisor Florer will try sand at this time. Magistrate Hennessey held discussion on semi trucks turning onto narrow roads in the county and getting stuck, although there is signage stating no trucks. Discussion was held on speed limits. Discussion was held regarding basketball goals on county right of way. There is a problem with snow plows getting turned around with out hitting them. The County Attorney will send letters to property owners.

**Permitting Ordinance Re: easements for county roads** - County Attorney Mike Clark advised that he is working on this ordinance and getting some issues resolved. He will notify the court when he is finished.

**Electrical Inspection Rates – County (Committee reviewing)** - The committee needs to set a meeting date/time to review.

**State regulating Children at Play Signs** - Kaco suggested that all signs stating “children at play” be removed from County roads. There was a lawsuit in Georgia against their state transportation cabinet and the cabinet lost the lawsuit due to “children at play” signs. There is a manual the state follows created by the federal government stating what signs can be used, should be followed by the county road department and fiscal court. Judge Bush will get the manual and review with the county attorney. If the signs are not in that book, they will have to be removed from County and State Roads.

**Water Issue on Hilton Lane** - No easement received from property owner through the American Embassy in China at this time.

**Walcott Road Closure** - No Action. \*Tabled until November 26 Fiscal Court meeting.

**Recycle Trailer Bids** - Judge Bush recommended that the court accept the highest bid received of \$2,000 for both recycling trailers.

Upon motion of John Corlis, seconded by Dennis Jefferson, that the court accept the highest bid submitted by Gary Hicks Jr. in the amount of \$2,000 for both trailers. Vote being unanimous. Absent: Scotty Lippert.

**Hire 2 for Road Vacancy** - Upon motion of John Corlis, seconded by David Kelsch, that the court hire 2 employees for the Bracken Co. Road Department. Vote being unanimous. Absent: Scotty Lippert.

**Hire Rodney Fryman - Bracken Co. Road Department** - Upon motion of Doug Smith, seconded by Clark Hennessey, that Rodney Fryman be hired as a full-time employee for the Bracken Co. Road Dept. (Contract for CDL obtained in 90 days, weather permitting, will be signed). Vote being unanimous. Absent: Scotty Lippert.

**Hire David Workman - Bracken Co. Road Department** - Upon motion of Doug Smith, seconded by David Hughes, that David Workman be hired as a full-time employee for the Bracken Co. Road Dept. (Contract for CDL obtained in 90 days, weather permitting, will be signed). Vote being unanimous. Absent: Scotty Lippert.

**General Fund Vendor Claims** - Upon motion of John Corlis, seconded by David Hughes, that the following General Fund Vendor Claims be approved for payment. Vote being unanimous. Absent: Scotty Lippert.

**General Fund Transfers** - Upon motion of David Kelsch, seconded by John Corlis, that the following General Fund Transfers be accepted/approved. Vote being unanimous. Absent: Scotty Lippert.

**Road Fund Vendor Claims** - Upon motion of Doug Smith, seconded by Dennis Jefferson, that the following Road Fund Vendor Claims be approved for payment. Vote being unanimous. Absent: Scotty Lippert.

**Jail Fund Vendor Claims** - Upon motion of Doug Smith, seconded by Clark Hennessey, that the following Jail Fund Vendor claims be approved for payment. Vote being unanimous. Absent: Scotty Lippert.

**Senior Citizens Fund Vendor Claims** - Upon motion of David Kelsch, seconded by Doug Smith, that the following Senior Citizens Fund Vendor Claims be approved for payment. Vote being unanimous. Absent: Scotty Lippert.

**Dispatch/911 Fund Vendor Claims** - Upon motion of Dennis Jefferson, seconded by John Corlis, that the following Dispatch/911 Fund Vendor Claims be approved for payment. Vote being unanimous. Absent: Scotty Lippert.

**Dispatch/911 Fund Transfers** - Upon motion of Clark Hennessey, seconded by John Corlis, that the following Dispatch Fund Transfers be accepted/approved. Vote being unanimous. Absent: Scotty Lippert.

**Dispatch/911 Fund Interfund Transfers** - Upon motion of David Kelsch, seconded by John Corlis, that the following Dispatch/911 Fund Interfund Transfers be accepted/approved. Vote being unanimous. Absent: Scotty Lippert.

Upon motion of John Corlis, seconded by Doug Smith, that the Nov. 12, 2014 meeting of the Bracken Co. Fiscal Court be adjourned. Vote being unanimous.

### KY to help Wisconsin boost its elk herd

Kentucky will help Wisconsin boost its elk herd by providing 150 elk cows, calves and yearling male elk over the next 3-5 years.

“Kentucky’s own free-ranging elk herd began with the release of seven elk from Kansas in 1997,” said Commissioner Gregory K. Johnson of the Kentucky Department of Fish and Wildlife Resources. “We eventually released more than 1,500 elk from six states to create a herd of approximately 10,000 elk in Kentucky today.

“It is fitting that we pay this debt forward by partnering with the Wisconsin Department of Natural Resources to help them build their own herd.”

Wisconsin officials announced the finalized agreement between the two states today and said they were looking forward to re-establishing their elk population.

Wisconsin will pay the cost of the translocation program. Wisconsin will also assist Kentucky financially in the development of forest habitat projects in eastern Kentucky that will benefit wildlife, with a special emphasis placed on ruffed

grouse.

“This will enhance our current forest management efforts in eastern Kentucky, which is critical for improving ruffed grouse populations,” explained Chris Garland, acting Wildlife Director for Kentucky Fish and Wildlife.

“Cooperation is how wildlife agencies do business,” added Kentucky Fish and Wildlife Elk and Deer Program Coordinator Gabe Jenkins. “Agencies help each other for the benefit of all.”

The Rocky Mountain Elk Foundation, which was instrumental in the establishment of Kentucky’s elk herd, will supply additional support.

Elk trappers in the coming weeks will focus on areas with the highest number of complaints about nuisance elk. Only cows, calves and yearling male elk will be relocated.

Elk will be held in quarantine in Kentucky for disease testing before being transported to Wisconsin for the calving season. Wisconsin Department of Natural Resources employees will assist with the trapping, disease testing and elk caretaking while the animals remain in Kentucky.
